Description: Thermal Transfer Ribbons for Videojet TTO and LPA Printers

Hazard Communication

The products are not classified according to the United Nations Globally Harmonized System (GHS). The products are not hazardous or dangerous. A safety data sheet (SDS) is not required.

Ozone Depleting Substances

The products are not, nor do they contain any, ozone depleting substances.

Volatile Organic Compounds

The products do not contain or emit volatile organic compounds.

Heavy Metals

The products do not contain any intentionally added mercury, lead, cadmium, or chromium VI. The total combined concentration of mercury, lead, cadmium, and chromium VI is less than 100 ppm.

California Proposition 65

The products do not contain any chemicals known to the State of California to cause cancer or reproductive toxicity.

Food Packaging

The products may be used on food packaging where the packaging is a barrier between this product(s) and the foodstuff. The products are compliant with EN 71 part 3.
